

# Construction Safety Seminar

## The ABCs of fall protection

Free online discussion • 7 to 9 a.m. • March 15, 2022

### About this Construction Seminar

Falls are the second leading cause of fatalities in construction. In Minnesota, fall protection was the most-frequently cited standard in construction during federal-fiscal-year 2021.

Do you know the ABCs of fall protection? Sign in to this Construction Seminar to hear industry experts discussing fall protection in construction and providing an overview of the types of fall protection available. Ask industry leaders your fall-protection questions and get real-world answers.

The Construction Seminar series is a great opportunity to get answers directly from Minnesota OSHA Compliance. The seminars are designed to help those who work in the construction industry to re-energize their company's safety and health practices. Attendees have the opportunity to ask questions and offer input during the discussion.

### Presenter

- **Jason Giefer**, application engineer, 3M Fall Protection Business

### An online presentation

- Join by computing device at <https://minnesota.webex.com/minnesota/onstage/g.php?MTID=e8352bd2a3f0538fc3c6d8354f7c99fc9>.
- Join by phone at 415-655-0003 or 855-282-6330 and enter access code 2484 942 5442.

If you require special accommodation, call MNOSHA Compliance at 651-284-5050 or 877-470-6742.
